## GUIDE TO GRADING OF WALKS

Doc 202012v1

### **Grade 1 (Easy)**

Opportunity for large number of walkers, including those with reduced walking ability to walk on well marked and even tracks. Tracks are man made and may have a few steps. Should not be steep. Suitable for beginners. Distance should not exceed about 10km.

### **Grade 2 (Easy-medium)**

Easy walk, mostly on tracks of low gradient. Opportunity to walk easily in natural environments on well marked tracks. Tracks should not be steep. Distance should not exceed about 15km.

### **Grade 3 (Medium)**

Medium walk with some hilly sections and/or rougher terrain. Opportunity to walk on defined and distinct tracks with some steep sections requiring a moderate level of fitness. Suitable for fit beginners. Distance should not exceed about 20 km.

### **Grade 4 (Medium-Hard)**

Steeper, rougher terrain and may have off-track sections (no more than one quarter of the walk) or a longer distance track walk. Opportunity to explore and discover relatively undisturbed natural environments mostly along defined and distinct tracks. Tracks can be steep. There may be short sections of rock scrambling involved. Leaders should have map reading abilities and/or ability to use a compass. Distance depending on circumstances. Not suitable for most beginners.

### **Grade 5 (Hard)**

Off-track or difficult terrain. Opportunity for walkers with advanced outdoor knowledge and skills to find their own way along often in distinct tracks or off track in remote locations. May include steep sections of unmodified surfaces. There may be rock scrambling, creek walking and crossing involved. Distance should not exceed 30 km, but may be short and difficult. Not suitable for beginners.

### **Grade 6 (Very hard)**

Strenuous off-track walk or very long distance. Opportunity for highly experienced walkers to explore remote and challenging natural areas without reliance on managed tracks. Terrain may be steep, uneven and no track. There may be rock scrambling, creek walking and crossing involved. Distance covered is unlimited, but may be short and difficult. Only for experienced walkers and not suitable for beginners.

**Within The Bush Club, there are some further qualifiers that are used, in addition to the walk grading, to help describe and define the type and style of the walk.**

### **M (Membership Qualifying)**

Only walks marked 'M' are membership qualifying walks. Grade 3 is the minimum level for a qualifying walk. However, prospective members may attend any walk with the leader's consent.

### **LTW (Leadership Training Walk)**

The leader is available to instruct aspiring leaders in techniques of walks leadership.

### **Route & description**

The 'Route & description' column in the Walks Programme explains any special difficulties or features on a walk. Distance and total climbs are listed separately.

### **Pace**

May be listed as Slow, Unhurried, Medium or Fast. However, it's still a good idea to know how fast your leader normally walks.

## **Guidelines for membership qualifying walks**

Qualifying walks are intended to allow prospective members to assess whether the Club's activities are suitable for them, and from the Club's viewpoint that the incoming member is able to participate safely in its activities and is in sympathy with its objectives. A reasonable level of physical fitness is expected, but not necessarily to the level needed for the more difficult walks on the program.

A Membership walk must be:

- Nominated as such by the walks leader in the program;
- At least of Grade 3 (Medium) standard;
- Not substantially (in time duration rather than distance) on roads, streets, fire trails, cultivated parkland, beaches, canoeing or swimming.

Leaders are encouraged to include some off-track walking in their qualifying walks. This enhances a walker's ability to handle difficulties in the bush.

Although a walk substantially using fire trails is generally outside the definition of qualifying walks, an exception is made for walks that require a high degree of walking stamina (eg Woodford to Glenbrook via the Oaks).

## **Walking with the Bush Club - what you can expect**

**For any walk, the leader:**

- sets the grade, route and pace of the walk;
- is entitled to inquire about the capacity of a member to complete the walk as planned; and
- is understanding, helpful and supportive on the track.

**In return, participating members are expected to:**

- have the ability to complete the walk as described;
- be self reliant (in respect to water, food, first aid, navigation, clothing, etc); and
- be a participative and co-operative member of the group.

**for Grading of Walks**

Track or Path	** Maximum Gradient/ Terrain	Distance, km/day				
		<10	10-15	15-20	20-30	>30
All on track	Even/very low/ flat	<b>G1</b>	<b>G2</b>			
	Low/ undulating	<b>G2</b>	<b>G2</b>	<b>G3</b>		
	Hilly/steps/ rough terrain	<b>G3</b>	<b>G3</b>	<b>G3</b>	<b>G4</b>	
All on track to 25% off track	Rough/steep	<b>G4</b>	<b>G4</b>	<b>G4</b>	<b>G5</b>	
All on track to all off track	Steep/scrambling/ remote	<b>G5</b>	<b>G5</b>	<b>G5</b>	<b>G5</b>	<b>G6</b>
	Challenging/ strenuous	<b>G6</b>	<b>G6</b>	<b>G6</b>	<b>G6</b>	<b>G6</b>

**\*\* Note that the second column is the maximum gradient (it may be less). This means, for example, a walk with any off track component is at least Grade 4, and with more than 25% off track is at least Grade 5. Similarly a challenging, strenuous walk all on track would be Grade 6.**
